

Our one "adjunct member," Nadia has been with DMD since 1997.

Having moved to Vermont, it's difficult for her to rehearse with us, but she joins us for workshops as often as she can, and she performs solo numbers in our shows.

At our New London show especially, Nadia can usually be found playing stage manager and keeping the backstage chaos as organized as any human could make it. Dance-wise, Nadia loves the unexpected; you just never know what she'll be performing to next - perhaps it will be "Flash Dance" tonight!
